Ejaculation By Command is a book that contains helpful advice and techniques for men who are experiencing an embarrassing issue in the bedroom – premature ejaculation. Many men have had embarrassing situation of climaxing too guickly. Not only does it end the sex session before it really begins, but it can also make you feel like less of a man. It can be frustrating, especially for the partner in a relationship who wants to have long, passionate sessions of sex and experience. The *Ejaculation* gets 1-2 minute only Command program promises to fix this. It offers to teach you natural ways to avoid premature ejaculation, so that you can deal with this problem and improve your sex life.
